

# HINTERLANDS Accessibility

- The experience includes wearing a VR headset and features sound, visual elements and a live performer.
- The experience includes images of insects.
- There will be invitations to move and explore within the space.
- There will be a total of 4 people in the experience

- Sound is provided via over-ear headphones.
- There are 90 seconds of flashing images in the work.
- (Please let us know if this makes the experience inaccessible and we can give you warning when this takes place).
- Personal Assistance are welcome.
- If you normally wear glasses it is recommended you wear them for this experience. The VR headsets are adjustable to accommodate most glasses.
- Please let us know of any specific access needs and we will do our best to accommodate.

To protect the dance floor and the dancers you will be asked to remove your shoes on entry or place the provided shoe covers on.

*Photos and video will be taken of participants in the experience. If you do not wish to have your photo taken please let a member of the team know.*
